I

Letter from G. W. WELLS, Esq., M.A., I.C.S., Collector of South Kanara, to the Secretary to Government, Revenue Department, Ref. C. No. V-7-4295, dated Mangalore, the 15th August 1923.

[Floods—South Kanara.]

In continuation of my letter, dated 12th August 1923, I have the honour to state that on the night of the 6th the rivers in the villages shown in the margin are reported to have been in full flood. The Venur bridge has been totally damaged and all the shops and houses in the Venur bazaar razed to the ground and the loss suffered by the merchants is roughly estimated at Rs. 27,500. Four persons are said to have perished in Nittade, the deaths being either directly or indirectly due to the floods and a small number of cattle have been lost.

I have since seen Mr. K. Sadasiva Bhat of Karkal who has visited Venur. He tells that there is no destitution in Venur, that food is available, though such articles as salt, matches, tobacco, kerosine oil are very scarce. He has made arrangements to supply them. He adds that the shop-keepers who have lost their shops have been persuaded by him to re-open business in temporary buildings and that they have already selected land for new shop-sites and applied to the Tahsildar for them.

A copy of the preliminary report, dated 8th August 1923, received from the Divisional Officer, Mangalore, is submitted. A detailed report will be submitted immediately on receipt of detailed information from the Tahsildar of Mangalore in accordance with this office Circular R.O.C. No. 4295/23-V-7, dated 23rd July 1923 (copy enclosed).

ENCLOSURE.

Letter from Marian S. PAIS, Esq., B.A., Revenue Divisional Officer, Mangalore, to the Collector of South Kanara, Ref. on C. No. 1815-1, dated 8th August 1923.

[Floods in Mangalore.]

Unprecedented floods appeared in Mangalore yesterday. The water began to rise slowly but steadily from the morning and by noon the level of the last flood had already been reached. In the evening the water level was about three feet higher than the level reached last month and it was apprehended that it would reach still higher during the night. Fortunately, a new bar opened itself opposite the Sultan's Battery at about 9 p.m. and the water went down within an hour or two. The new bar is about three furlongs in breadth. The water in the river this morning is not higher than the usual high-water mark though the current is very strong.

Several houses have collapsed in Bolur, Bokkapatna, Kudrolli, Kambal garden, Hoige bazaar, Jappu and many more are reported to have collapsed in Tannirbhavi and Ullal. I have asked the Tahsildar to find out the exact number of houses lost and damaged and also to submit the other information referred to in your R O.C. No. 4295/23-V-7, dated 23rd July 1923 in regard to the damage caused by the present flood. There has not been any loss of life and people were able to save most of their movables. Many houses though not damaged are not habitable by being too damp. The people of the affected houses are accommodated by their relatives and some are lodged in the buildings belonging to the Billavar temple at Kudroli.

There has been a breach at mile 547/20-21 of the railway line and train service has been intercepted. Transhipment is reported to be not possible probably till 48 hours. Buss service also stopped yesterday.

A further report will be submitted on receipt of Tahsildar's report.

ENCLOSURE.

Letter from Marian S. PAIS, Esq., B.A., Revenue Divisional Officer, Mangalore, to the Collector of South Kanara, Ref. on C. No. 1815-1, dated 8th August 1923.

[Floods in Mangalore.]

Unprecedented floods appeared in Mangalore yesterday. The water began to rise slowly but steadily from the morning and by noon the level of the last flood had already been reached. In the evening the water level was about three feet higher than the level reached last month and it was apprehended that it would reach still higher during the night. Fortunately, a new bar opened itself opposite the Sultan's Battery at about 9 p.m and the water went down within an hour or two. The new bar is about three furlongs in breadth. The water in the river this morning is not higher than the usual high-water mark though the current is very strong.

Several houses have collapsed in Bolur, Bokkapatna, Kudrolli, Kambal garden, Hoige bazaar, Jappu and many more are reported to have collapsed in Tannirbhavi and Ullal. I have asked the Tahsildar to find out the exact number of houses lost and damaged and also to submit the other information referred to in your R O.C. No. 4295/23-V-7, dated 23rd July 1923 in regard to the damage caused by the present flood. There has not been any loss of life and people were able to save most of their movables. Many houses though not damaged are not habitable by being too damp. The people of the affected houses are accommodated by their relatives and some are lodged in the buildings belonging to the Billavar temple at Kudroli.

There has been a breach at mile 547/20-21 of the railway line and train service has been intercepted. Transhipment is reported to be not possible probably till 48 hours. Buss service also stopped yesterday.

A further report will be submitted on receipt of Tahsildar's report.

Letter from G. W. WELLS, Esq., M.A., I.C.S., Collector of South Kanara, to the Secretary to Government, Revenue Department, Ref. C. No. V-7-4295, dated Mangalore, the 15th August 1923.

[Floods—South Kanara.]

In continuation of my letter, dated 12th August 1923, I have the honour to state that on the night of the 6th the rivers in the villages shown in the margin are reported to have been in full flood. The Venur bridge has been totally damaged and all the shops and houses in the Venur bazaar razed to the ground. Four persons are said to have perished in Nittade, the deaths being either directly or indirectly due to the floods and a small number of cattle have been lost.

I have since seen Mr. K. Sadasiva Bhat of Karkal who has visited Venur. He tells that there is no destitution in Venur, that food is available, though such articles as salt, matches, tobacco, kerosine oil are very scarce. He has made arrangements to supply them. He adds that the shop-keepers who have lost their shops have been persuaded by him to re-open business in temporary buildings and that they have already selected land for new shop-sites and applied to the Tahsildar for them.

[Floods in Mangalore.]

Unprecedented floods appeared in Mangalore yesterday. The water began to rise slowly but steadily from the morning and by noon the level of the last flood had already been reached. In the evening the water level was about three feet higher than the level reached last month and it was apprehended that it would reach still higher during the night. Fortunately, a new bar opened itself opposite the Sultan's Battery at about 9 p.m. and the water went down within an hour or two. The new bar is about three furlongs in breadth. The water in the river this morning is not higher than the usual high-water mark though the current is very strong.

Several houses have collapsed in Bolur, Bokkapatna, Kudrolli, Kambal garden, Hoige bazaar, Jappu and many more are reported to have collapsed in Tannirbhavi and Ullal. I have asked the Tahsildar to find out the exact number of houses lost and damaged and also to submit information in regard to the damage caused by the present flood. There has not been any loss of life and people were able to save most of their movables. Many houses though not damaged are not habitable by being too damp. The people of the affected houses are accommodated by their relatives and some are lodged in the buildings belonging to the Billavar temple at Kudroli.

There has been a breach at mile 547/20-21 of the railway line and train service has been intercepted. Transhipment is reported to be not possible probably till 48 hours. Buss service also stopped yesterday.

A further report will be submitted on receipt of Tahsildar's report.

He adds that the shop-keepers who have lost their shops have been persuaded by him to re-open business in temporary buildings and that they have already selected land for new shop-sites and applied to the Tahsildar for them.

[Floods in Mangalore.]

Unprecedented floods appeared in Mangalore yesterday. The water began to rise slowly but steadily from the morning and by noon the level of the last flood had already been reached. In the evening the water level was about three feet higher than the level reached last month and it was apprehended that it would reach still higher during the night. Fortunately, a new bar opened itself opposite the Sultan's Battery at about 9 p.m. and the water went down within an hour or two. The new bar is about three furlongs in breadth. The water in the river this morning is not higher than the usual high-water mark though the current is very strong.

Several houses have collapsed in Bolur, Bokkapatna, Kudrolli, Kambal garden, Hoige bazaar, Jappu and many more are reported to have collapsed in Tannirbhavi and Ullal. I have asked the Tahsildar to find out the exact number of houses lost and damaged and also to submit information in regard to the damage caused by the present flood. There has not been any loss of life and people were able to save most of their movables. Many houses though not damaged are not habitable by being too damp. The people of the affected houses are accommodated by their relatives and some are lodged in the buildings belonging to the Billavar temple at Kudroli.

There has been a breach at mile 547/20-21 of the railway line and train service has been intercepted. Transhipment is reported to be not possible probably till 48 hours. Buss service also stopped yesterday.

A further report will be submitted on receipt of Tahsildar's report.

[Floods—South Kanara.]

In continuation of my letter, dated 12th August 1923, I have the honour to state that on the night of the 6th the rivers in the villages shown in the margin are reported to have been in full flood. The Venur bridge has been totally damaged and all the shops and houses in the Venur bazaar razed to the ground and the loss suffered by the merchants is roughly estimated at Rs. 27,500. Four persons are said to have perished in Nittade, the deaths being either directly or indirectly due to the floods and a small number of cattle have been lost.

I have since seen Mr. K. Sadasiva Bhat of Karkal who has visited Venur. He tells that there is no destitution in Venur, that food is available, though such articles as salt, matches, tobacco, kerosine oil are very scarce. He has made arrangements to supply them. He adds that the shop-keepers who have lost their shops have been persuaded by him to re-open business in temporary buildings and that they have already selected land for new shop-sites and applied to the Tahsildar for them.
